34th European Symposium on Applied Thermodynamics

Welcome to ESAT 2026: 10-13 May 2026, Lisbon, Portugal

We are really very happy to host ESAT 2026 in Lisbon!

The European Symposium on Applied Thermodynamics (ESAT) is the oldest and most renowned conference on Chemical Engineering Thermodynamics, with the first edition being held in 1974, in West Berlin (Germany), under the leadership of Prof. Helmut Knapp.

ESAT will be organized for the 3rd time in Portugal and for the 1st time in Lisbon. Lisbon is the capital of Portugal and a historical city where the sun shines 290 days a year and temperature rarely drops below 15 °C. Moreover, it was selected by World Travel Awards as Europe's Leading City Destination 2024. In Lisbon, you feel safe wandering around day or night, and the family-like way it welcomes visitors has become famous in recent years.

Why sponsor ESAT 2026?

By supporting this event, your company will benefit from:

- **Global Exposure:** Reach a specialized and influential audience in the field of Applied Thermodynamics
- **Scientific Recognition:** Associate your brand with an internationally prestigious event with an impact on the scientific community
- **Strategic Connections:** Direct access to researchers, experts, and industry leaders

Don't miss the opportunity to position your company as a leading partner in science and technology!
