

Dear Sirs,

On behalf of the International Union of Pure and Applied Chemistry (IUPAC) – International Committee on Green Chemistry for Sustainable Development, the Portuguese Chemical Society (SPQ), NOVA School of Science and Technology (NOVA FCT), and the University of Lisbon (ULisboa), we are pleased to invite you to support the **11th IUPAC International Conference on Green Chemistry – Green IUPAC 2026**, which will take place from September 8–12, 2026, at the Rectorate of the NOVA University of Lisbon, Portugal.

The **Green IUPAC 2026** will bring together key stakeholders from academia, research, industry, NGOs, policymakers, and society to promote the advancement of green chemistry and sustainable development. The conference will feature plenary and keynote lectures from world-leading scientists, as well as oral and poster presentations, fostering a rich interdisciplinary exchange.

The **Green IUPAC 2026** edition will cover the following topics:

- Green Synthesis, Catalysis & Green Solvents
- Green Chemical Engineering & Technology
- Carbon dioxide utilization
- Bioeconomy (Terrestrial and Marine Resources, among others)
- Green Energy
- Green Chemistry Education
- AI in Green Chemistry

All details can be found at the conference website: <https://www.greeniupac2026.org/>

We are offering accessible sponsorship opportunities (please see the table below), which will highlight your company's commitment to sustainability and innovation while providing a unique opportunity to connect with leading experts and professionals in the field of green chemistry.

In this context, we would be delighted to discuss the details of these sponsorship opportunities further and tailor a package that best aligns with your company's goals and interests.

Thank you for considering this opportunity.

We look forward to your positive response and to collaborating with you at the **Green IUPAC 2026**,
On behalf of the Organizing Committee
Lisbon, February 2026
